A Note from Larry

A time to act

"See that you do not despise one of these little ones. For I tell you that their angels in heaven always see the face of my Father in heaven."
Matthew 19:10

Usually, making an impact on the world seems like a large task. Servants Gift offers a simple way to make an impact for Him today, by sponsoring a child and giving a gift to a family in need.

We have children in the community of Ganthier who are waiting for sponsorship. Now is a great time to take action and sponsor a child. School will begin the second week of October and by acting now, we can notify a very needy family that school costs will be taken care of.

Our sponsor children are chosen by Dada. She knows each family and has a heart for helping them. Each child belongs to a

large family who is very poor. These families work very hard to provide basic needs for their children and school costs are a

great burden on them. By sponsoring a child, you do more than giving them the opportunity to go to school, you help a family. Your monthly sponsorship allows the money that they do earn to be used for other needs.

Along with helping a family, you are given the privilege to build a relationship

with your sponsored child. These children will pray for you and will look forward to getting to know about you and your family. Your photos will be revered in their home and maybe someday you will meet them.

Dada tells me that when she sees the families of children waiting for sponsorship at church, many times they come and ask her if their child has a sponsor yet. Sometimes, she has the great privilege of telling them YES! However, so many times she has to say no.

Will you be a YES for a child today?

In His Service,
Larry

Please continue to pray for sweet Linda. We are looking for a special sponsor for her, knowing her needs will be far greater than others. If you feel that you can help Linda and her mom, please contact Larry at Larry@servantsgift.com.

Needs for Servants Gift

Shipping our donated vehicle to Haiti

- The costs to do this are on the website. Dada needs a vehicle because she works in Port-Au-Prince and spends at least 3 hours each way on tap-taps. Also, if an emergency arises, without a vehicle she has no immediate way to get to a hospital in Port-Au-Prince.

Car donated for Dada

Donated used Laptop computers

- These will be used for future computer classes for children and young adults in Ganthier.

Begin a small business loan program

- Most of the Loans will be no greater than 300 dollars. We will be looking at investing in individuals that show promise and ability in agriculture.

Doctor and Hospital for Jackson

- Jackson has his passport and we now are in need of a doctor and hospital that would be willing to fill out the immigration paperwork and take responsibility for his care. Jackson has detached lenses in his eyes due to Marfans syndrome.

Bookkeeper

- We are looking for a volunteer to help with our bookkeeping.

Home school for our kids

- This year, Dada has decided to home school our kids, which means hiring school teachers to come to her home. Changes have been made in the home to accommodate this. Next year, we will be looking at an offsite

building. During our trip in October, my wife and I will be talking with Dada about starting up her own school. She would be an amazing administrator and would run a school full of love and learning in a Christ centered environment. This picture is of the sign in front of Dada's home. It means children are special people. This future school would be a beacon of God's love in the community of Ganthier. The startup costs are high.
